0 - Ken and Dorothy Introduction

Ken and Dorothy walk up the aisle.

Dorothy : Hurry up Ken - we're going to be late. There might not be any seats left ***Ken*** : I'm going as fast as I can Dorothy. Anyway, it'll be rubbish - these local pantomimes always are ***Dorothy*** : Ken - don't be so rude - I'm sure it'll be fun. It's nice to get out and about and do things. Look, there's lots of people here already (waves to audience) ***Ken*** : Well if I don't like it I'll just turn my hearing aid off. Last year there was that terrible fella, prancing around pretending to be Freddie Mercury. Couldn't hold a note to save his life. ***Dorothy*** : Oh I thought he was really good Ken. He had a lovely moustache ***Ken*** : Rubbish! Anyway, I just hope they've checked the fire exit. If the place goes up, I'm not getting trapped behind some idiot in a giant cow costume. ***Dorothy*** : Oh, stop worrying. The exit's the same way we came in. ***Ken*** : Well I wrote to them last week about it - you can never be too careful.
Dorothy : Oh Ken. Come on - let's get a drink from the bar to loosen you up. Get you a nice beer. ***Ken*** : Hmmph! Last time they only had Carling and John Smiths. I only like a proper beer. Anyway all this talk about fluids reminds me, I need to use the facilities. ***Dorothy*** : Oh Ken - why didn't you go before we left.
Ken : I did Dorothy - I need to go again - I have a very efficient

bladder ***Dorothy*** : Well I know for a fact that the toilets are out there in car park so you can go once we've got our seats and bought our raffle tickets ***Ken*** : Raffle tickets! We're on a pension Dorothy. We can't be spending money like water. Oooh, why did you have to make me say that - I really do need the toilet now ***Dorothy*** : Oh Ken!

Later Ken and Dorothy FOC - do during interval and Ken gets the last prize in the raffle which is a big golden ticket: ***Dorothy*** : I don't believe it! I absolutely don't believe it! Look Ken! We've won! ***Ken*** : There's been a terrible mistake, Dorothy. I only bought one ticket to stop you nagging me. What am I supposed to do with a luxury, all-expenses-paid, first-class retirement trip to a tropical paradise?! ***Dorothy*** : We're going to live in the sun, Ken! Oh no more rain, no more drafts, and no more local pantomimes! We can sell the bungalow in Langley and live like royalty! ***Ken*** : Sell the bungalow?! But I've just installed a new water butt in the garden, Dorothy! And look at the brochure for this place - "Nudii Island." It sounds foreign. I bet they don't even serve John Smiths. What kind of a name is Nudii Island anyway? ***Dorothy*** : Oh, don't be a misery, Ken. I'm sure it just means the island has beautiful, natural, unspoiled scenery. Now come on, let's go home and pack your speedos! ***Ken*** : Speedos?! Over my dead body, Dorothy. I'm keeping my trousers firmly attached!

Poss some sort of voiceover later in the panto maybe as the scene change before scene 13 to set up the burnt sausage scene: ***Ken*** : Well, this is a disaster, Dorothy. You and your raffle tickets. ***Dorothy*** : Oh, stop grumbling, Ken! The weather is lovely. And look on the bright side—it's going to save a

fortune on the laundry bills! Now, hand over your trousers. The customs officer said clothes are strictly forbidden past the baggage reclaim. ***Ken*** : I am NOT handing over my trousers! It's not decent! ***Dorothy*** : Oh, don't be so modest Ken. Just come out here into the sun. Stand still while I rub this Factor 50 on your shoulders! ***Ken*** : Ooh, it’s cold! Watch where you're putting those hands, Dorothy! It’s freezing!

1 - Introduction

- Possibly read by Graham
- Possibly with visuals (puppets?) *Long ago, upon the stormy seas, sailed the mighty Pirate King, **Big Beard**! With his magical **Kraken Bell**, he ruled the waves and commanded the great monster of the deep.*

(Sound effect: A brief, heavy splash of ocean waves)

*Big Beard shared his secrets with his closest friends: a sailor named **Graham** and a beautiful mermaid named **Stella**. But trouble was brewing on dry land. Graham was betrothed to a fierce woman named **Jean**—until he broke her heart and ran off with Stella instead!*

(Sound effect: A dramatic violin screech or gasp)

Blinded by fury and seeking revenge, Jean stole Big Beard's Kraken Bell, intending to unleash the monster to destroy her mermaid rival. But Big Beard caught her in the act and chained her to a lonely ocean rock! Before she was trapped, Jean spat out a venomous curse upon the bell: If it were ever rung again, the Kraken would turn on Big Beard himself and swallow him whole!

(Sound effect: A loud crack of thunder)

Terrified of the curse, Big Beard could never use his bell again. To ensure it remained safe, it was split in two. Stella took the inner clanger down to the deep ocean, and Graham hid the golden bell body on dry land. Big Beard vanished into mystery, and the cursed bell fell silent... forever.

(The dramatic music transitions into upbeat, lively tavern accordion music. The stage lights start to brighten.)

Twenty years have passed. The sea is calm, the Kraken sleeps, and Graham now runs a quiet tavern on the docks. But secrets have a way of washing ashore... and the countdown to the next full moon is about to begin!

==Once upon a time, not so long ago, Graham and Jean belonged to two of the world's most powerful seafaring families.

==Their fathers arranged for them to be married, an act which would have formed a shipping dynasty that could control the seas for generations to come. Jean was keen, but Graham was not, for he had met Stella.

==Stella was the most perfect creature Graham had ever seen, a vision of a woman with flowing locks, legs that ZZ Top would have written a song about, and curves, in ALL the right places. Stella fell for Graham, and Graham most definitely fell for Stella. The wedding was called off.

==They say that "Hell hath no fury, like a woman scorned". Jean had been scorned, she was furious

==She stole something she should never have which belonged to The Pirate King, Bigbeard

Once upon a time, Graham and Jean who were the offspring of the two most powerful seafaring families the world had ever known, were betrothed. Their parents planned to form a mighty global dynasty. A dynasty only matched by The Windsors, The Beckhams, or, if you have no taste, The Kardashians.

But before the wedding could take place, Stella appeared and stole Graham's heart. She was a vision of a woman with flowing locks, legs that ZZ Top could have written a whole album about, and curves, in ALL the right places. Stella fell for Graham, Graham fell for Stella and they were blissfully happy.

==Well of course, Jean was angry, livid, inconsolable, very very annoyed. So she sought revenge. She stole the Kraken Bell from The Gods and summoned... The Kraken, a fearsome sea-monster, from the very depths of the ocean, and ordered it to cause chaos.

Well of course, Jean was angry, livid, inconsolable. In fact she was very, very annoyed. So Jean sought a terrible revenge. She snuck into the quarters of the Pirate King, Big Beard, and stole his most prized possession - The Kraken Bell! With one mighty ring, she summoned the Kraken—a fearsome sea monster from the deepest, darkest depths—and ordered it to cause absolute chaos!

==The sea-levels rose, storms brewed, then finished brewing, then two sugars of destruction were stirred in and these huge

storms erupted from their teacups and caused ships to be wrecked on the rocks of Jean's jealousy.

The sea-levels rose, storms brewed, then finished brewing, then two sugars of destruction were stirred in and these huge storms caused ships to be wrecked on the rocks of Jean's jealousy.

==The gods were cheesed off by Jean's actions and decided to punish all involved. They turned Jean into a Siren and tied her to a rock in the middle of the ocean.

Naturally, Big Beard was pretty cheesed off that his prized possession had been stolen. But he had a much bigger problem, all this elemental uproar and wrecked shipping lanes had caught the attention of The Royal Navy!

==They turned Stella into a Mermaid, no longer able to walk across the land with her lovely legs. They banished her to live in Mermaid Cove, with the other mermaids.

Suddenly, the Admiral and the entire Navy fleet were hunting the pirates down! The heat was on, and Big Beard knew that if he was caught holding the world's most dangerous weapon, he'd be swinging from the gallows by lunchtime. He needed to destroy the evidence, drop the heat, and go into deep, deep hiding.

==And as for Graham, the most heavy punishment. They made Graham run a Tavern, in the town, which he was forbidden to leave, even just for a short city break

==Having separated this unholy love-triangle, they then split the Kraken Bell. The clanger was removed and given to Stella, to wear as a necklace, a constant reminder of the harm she had done.

==The, now silent, bell was given to Graham, it's empty chime a reminder of his own empty life.

So, using his magical Pirate King powers, he handed out some seriously harsh punishments to frame the 3 lovers and get them out of his way.

He turned Jean into a Siren and bound her to a rock in the middle of the ocean.

He turned Stella into a Mermaid, robbing her of those lovely ZZ Top legs and banishing her to Mermaid Cove.

And as for Graham, he forced him to run a seaside Tavern with a nightly Pub Quiz exclusively about the Bay City Rollers, and he is forbidden to leave, even just for a short city break.

To make sure The Royal Navy could never link the Kraken bell back to him, Big Beard split it in two.

He ripped out the heavy clanger and gave it to Stella, to wear as a necklace, a constant reminder of the chaos she had caused.

The, now silent, bell was given to Graham, it's empty chime a reflection of his new empty life.

==And Jean, Jean was given a small fridge magnet on which was engraved the following, stark message. "Don't mess around with Krakens"

And Jean, Jean was given a cheap fridge magnet on which was engraved the following, stark message. "Don't mess around with Krakens"

With the evidence scattered across the 3 doomed lovers, Big Beard vanished into thin air. Some say he drowned. Some say he became a synchronized swimming coach in Prestatyn to hide from the Navy in plain sight! We may never know... but his legend lives on.

==At night, sailors still hear Jean singing, across the waves, but they never go near, for that would be foolish...

The Royal Navy, are still hunting for pirates and at night, sailors still hear Jean singing, across the waves, but they never go near, for that would be foolish...

- Jean cackling

2 - Pirate Raid on Audience

Nobeard : Right girls, this 'ere map was from Big Beard 'imself so I'm hoping for lots of gold. X marks the spot where the treasure lies. Now its 3 paces forward and 1 pace to the left.... the bounty lies here, row 3 seat 1, Yarrrrr!

- She grabs the chocolate bar from the audience member which was planted under their seat

Nobeard : That's not the bounty I was looking for....Maybe it was 1 pace to the right. Ginger... row 3, 2 seats in, find that treasure.

Ginger : Now then my beauty, give me your booty! (consider what comic item or chocolate bar we want to put under this seat)

Scary : Give me your shoes. That's right, your shoes... Oh yeah, that's the stuff.

Posh : Is that a Channel jacket. That's sooo, in right now, yah!

Norah : Who's got some grog?

Nobeard : Girls, stop. None of this is what we want.

Posh : Well, what DO you want?

Nobeard : I'll tell you want, what I really want

Ginger : So tell me what you want

Sporty : What you really want

Scary : I wanna, I wanna...

Posh : I rilly, rilly wan't to zig a zig Yah!!!

- Song, Wannabe by The Spicey Girls

3 - The Mermaid's Chest Tavern

- The Mermaid's Chest Tavern just after last orders
- Boy is sweeping in the background

Prawns : What you got there Frodo, another letter from your girlfriend? (Makes kissing noises) Are you in lurrrrve? (Tries to grab letter)

Frodo : Get off Prawns! I really think this is the one. She writes of far off lands and adventures. She's beautiful and kind and intelligent.

Prawns : How d'ya know that? She could be well ugly. Remember the time you found out you were writing to a burly fisherman from Grimsby.

Frodo : Oh Prawns! Anyone could have made that mistake. He looked quite pretty in the painting he sent me. Anyway, I know THIS is the real thing. She talks about adventure and travel, I want to meet her. I've been here forever. There has to be more to life than working here.

Prawns : Working here's great - we get half priced pork scratchings once a month

- Graham enters and tries to lift one of two heavy barrels but after a few attempts gives up.

Graham : William, could you perhaps help me with these?

- Prawns picks up both barrels easily

Prawns : Sure, where do you want them?

Graham : Wha...? Oh... Down in the cellar please my boy.

- Prawns carries them offstage cheerfully

Graham : He's got the strength of an ox.

Frodo : Who? Prawns? Yes, he's always been a strong lad.

Graham : I don't know why you call him Prawns - you should call him "Mussels"! Muscles? Get it? No? Oh well, this isn't really a comedy role - I'm the serious one. Have you nearly finished clearing up Frodo?

Frodo : Almost, just need to clean these glasses.

Graham : Very well. I think I shall just rest my eyes a moment, it's been another busy evening and I.....

- He's fallen asleep
- Prawns returns

Prawns : Righto Graham, what else do you need... Oh...

Frodo : Shhhh... he's asleep. Poor old fella, he's exhausted.

Prawns : I think running this tavern is getting too much for him. He needs to think about retiring.

Frodo : He'll never do that. Running The Mermaid's Chest is all he has - he'd be lost without it.

- Prawns points at the small chest which Graham is clutching

Prawns : Have you ever asked him what's in there, he never seems to let anyone near it.

Frodo : He's never told me, and I've never asked. It's none of my business.

Prawns : Maybe it's full of his most prized possessions, like a collection of belly button fluff - I've got one of those including some rare blue bits. Do you want to see it? Oooh oooh, or pickled eggs. Ooh, I love a pickled egg. My dad always said, "Prawns, a pickled egg a day keeps the doctor away." Mind you, my dad was a bit strange. He used to talk to broccoli.

Frodo : (sadly) At least you had a dad to give you advice, Prawns. I just wish… well, I wish I knew who I really am.

Prawns : You're Frodo! You wash the tankards, I break the tankards. It's a perfect partnership. And Graham's not a bad sort.

Frodo : I know, but I wish I knew who my real father was. I never knew him. Graham found me on the doorstep twenty years ago with nothing but this pendant around my neck (holds it up). No name, no note. Just this. Who leaves a baby with a shark's tooth?

(Graham snores)

Prawns : Well maybe the answer is in the chest? Come on, let's have quick peek - it won't do any harm.

Frodo : We can't, it's not right, and anyway, we'd wake him.

Prawns : An earthquake wouldn't wake him... Look...

- He begins to prise the chest from Graham's grip

Frodo : No Prawns, don't...

Prawns : Shhhh! Now then, gently does it... there!

- Graham snores loudly as Prawns releases the chest, he splutters briefly, then continues to sleep

Frodo : Prawns! You shouldn't have... I mean it's wrong... We'll get in trouble...

Prawns : Don't you want to see what's inside?

Frodo : No, I mean, yes... a bit... but...

- Prawns opens the chest and takes out a few bits of paper

Prawns : Just this bell, and a note, from someone called Captain Bigbeard.

Frodo : Bigbeard? He's the most famous of all the pirate kings. I've read every story about him. I'm a big fan. What does it say?

Prawns : Hard to say, it's written in blood. It looks like it says, "Don't even think about ringing this, Graham". Doesn't say I can't though.

Frodo : Careful Prawns, don't ring it... You'll wake him!

Prawns : He's fast asleep

- Prawns shakes the bell violently but no sound is heard

Prawns : See, I've not woken him. In fact, it didn't even make a noise. What's the point of a bell if it doesn't ring?

Frodo : Why would anyone keep a silent bell? And why would Graham have a note from Bigbeard himself?

- There is an ominous rumbling followed by a terrifying screeching sound heard from a distance
- Graham stirs, splutters a little and then wakes. He looks at the bell and then looks horrified.

Graham : What have you done? You boys. WHAT HAVE YOU DONE?!?

Frodo : We didn't... I mean... We...

Prawns : We just wondered what was in...

Graham : Did you ring "The Silent Bell"????

Frodo : No... I mean... Yes, sort of

Prawns : But it didn't make any noise

Graham : Of course it didn't make a noise. Why do you think it's called the Silent Bell. Oh this is terrible. You two have no idea what you've just done. You have unleashed horrors which you cannot even begin to imagine.

Prawns : Have we?

Frodo : We didn't mean to unleash any horrors, did we Prawns?

Prawns : Oh no, definitely not.

Graham : Ringing "The Silent Bell" has awoken "The Kraken"... a most terrifying sea monster. It will slowly rise from the bottom of the ocean, causing storms, chaos and, by the next full moon, the destruction of everything.

Prawns : Ooooh 'eck. I definitely need a pickled egg now!

Frodo : What can we do? There must be a way to stop it.

Graham : What can you do?! WHAT CAN YOU DO?? Nothing, you've already done more than enough... The Kraken cannot be controlled, unless...

Frodo : Unless?

Graham : The only way to bring The Kraken under control is to re-unite the Silent Bell with its lost clanger, restoring its power and allowing the holder to command The Kraken.

Prawns : Oh, OK, well let's do that then. Who's got the glue?

Graham : Let's do that then? LET'S DO THAT THEN????!!!! It's impossible. Big Beard separated the clanger from the bell so that no-one can take control of The Kraken and risk triggering Jean's curse.

Frodo : Who on earth is Jean?

Prawns : Is she that lady who works at the bakery with the big moustache?

Graham : No! Jean was a fierce, dangerous woman. We were betrothed to be married, but I broke her heart. In a fit of jealous rage, Jean stole the bell to destroy us, until Big Beard caught her.

Frodo : Did YOU know Big Beard? Were you friends? What was he like in person? Was he has cool as he sounds?

Graham : No, we weren't friends! Big Beard was the King of the Pirates. Pirates are terrible people. I have nothing but contempt for them.

Prawns : So why do you have his bell if you hate pirates so much?

Graham : Because of the tragedy it caused. When Big Beard caught Jean trying to steal the bell for revenge, he banished us to protect us from her. He gave me the bell body, but he sent my true love far away to the deep ocean with the clanger. We were forbidden to ever see each other again, so the two pieces could never be reunited.

Frodo : Your "love"?

Graham : Stella. Oh my darling Stella, the most beautiful woman you could ever meet. Her hair is like strands of gold, her eyes like deep pools of pure spring water and her chest...

- Frodo and Prawns look a bit embarrassed

Prawns : Errrr, yeah, OK, we get the idea...

Graham : What, NO! I was about to say that her chest has a pair of hinges which would delight even the most discerning craftsman.

- They look confused

Graham : This... This is Stella's chest. The only thing of hers I have left. How I miss her.

Frodo : So you've no idea where she is then?

Graham : Of COURSE I know where she is. BigBeard banished her to Mermaid's Cove, forbidden to step on dry land, while I was banished here, to this tavern, forbidden to take to the sea.

Prawns : She's a mermaid?!?

Graham : Of COURSE she's a mermaid. Why do you think this tavern is called The Mermaid's Chest? A tribute to my love. The queen, of the mermaids.

Frodo : So, you're not allowed to GO to sea, and she's not allowed to LEAVE the sea?

Graham : These are the curses we face. And now that The Kraken has been disturbed, we are all doomed.

Frodo : But nothing stops US going to sea, and nothing stops US finding Stella. (Enthusiastically) Maybe WE could find the clanger and WE could ring the bell and WE could stop The Kraken destroying everything before the next full moon?

Prawns : Yeah, doesn't sound too difficult really, does it?

Graham : You two? I really don't think that would be a good idea...

Frodo : Look, this is our fault, we should put it right. Tell us how to find Stella.

Graham : Well, we ARE all doomed unless someone can re-unite the bell and the clanger.

Prawns : Exactly... Doomed!

Graham : And the only people I know who can help are you two incompetent idiots.

Prawns : Exactly... Us two uncompetent idiots! Frodo, what does uncompetent mean.

- Graham retrieves a map from somewhere and unrolls it

Graham : Now listen closely, I shall say this only once.

Prawns : What did he say?

Frodo : Shhh Prawns!

Graham : WE are, HERE. Mermaid Cove is HERE on the North East corner of Thomas Cook Island.

Frodo : Thomas Cook Island, got it, right. And what's this?

- He points at a small rock in the middle of the sea which has a big red cross drawn on it.

Graham : Never, ever, ever go anywhere near there. I cannot stress this enough. This is the home of pure evil, deceit, hatred. You must never visit this place.

Prawns : I went to Magaluf last summer, it can't be THAT bad!

Graham : I'm serious William. Both of you, promise me you will avoid this despicable location at all costs.

Frodo : We promise. Right, we need a ship, and a crew. We're off to save the world from destruction.

- Frodo rolls up the map and starts to leave

- Prawns picks up the bell and follows him

Prawns : Don't worry, we won't let you down.

- They leave
- Graham shakes his head sadly

Graham : You already have my boys, you already have.

- Curtains close - scene continues FOC

Prawns : Did you understand any of that?

Frodo : Not really... but this is the sort of adventure I've always dreamt about. Ships and monsters... and PIRATES. I think we need some help, find someone who's good with maps... and find a boat.

Prawns : Well there's Geeky Oz at the Ship Shop. He's annoying, but he does seem clever, he knows about maps... and he runs a Ship Shop

Frodo : He IS annoying, but you're right, he might be able to help. Off to the Ship Shop then but first I must inform my love of my whereabouts.

- he puts a rolled up note into a bottle

Prawns : (Makes kissing noises)

- They leave

4 - FOC Royal Navy

Captain Biggleswade : Stop all this uproar, or I shall be forced to begin flogging some of you. Now as I expect you already know, I am Captain Biggleswade of His Majesty's Navy. THIS... is Lieutenant Crump.

Lieutenant Crump : (he salutes so hard he hits himself in the face)

Captain Biggleswade : We've had reports of pirate activity in the area. Has anyone seen a pirate recently?

Lieutenant Crump : Withholding information regarding pirate activity is a serious offence. Anyone found guilty could be fined 30 shillings...

Captain Biggleswade : Or hanged!

Lieutenant Crump : Hanged sir?

Captain Biggleswade : Or, worse!

Lieutenant Crump : Indeed sir.

Captain Biggleswade : So come on... one of you must know something. Lieutenant Crump, begin taking statements, in case we need to conduct an official Navy investigation.

Lieutenant Crump : From all of them sir? It might take rather a long time.

Captain Biggleswade : Well of course it will take time, Crump... They're building a completely new scene behind these curtains. [To the audience] I should imagine it will be very impressive.

Lieutenant Crump : Name? [He writes it down] And where were you when the pirates arrived? Mmmmm... [writing more] how convenient.

- Once the scene is ready, a seagull "flies" out between the curtains with a message attached to its foot

Captain Biggleswade : Lieutenant... This is a message from Naval Intelligence. A pirate ship has been sighted off the coast, not far from our current position. We must set off in pursuit. Maybe today is the day I finally capture Big Beard himself.

Lieutenant Crump : Aye aye Captain Biggleswade

Captain Biggleswade : I haven't forgotten how obstructive some of you have been. Rest assured, justice will be served. The Navy never sleeps.

- They leave

5 - On The Pirate Ship

- Nobeard addresses the audience

Nobeard : Arrrrghhh, it's you lot again. Back for more are we? Well this be our ship, The Iron Lady. I'm Captain No-beard, the most fearsome pirate captain across the seven seas well ever since Big Beard disappeared anyway. Me and my crew sails under our pirate flag, the Dolly Roger. Here they be... The Spicy Girls. Please show your appreciation for Sporty Spice.

- Sporty cartwheels on and then does a couple of karate moves

Sporty : Yarrrrr!

Nobeard : Ginger Spice

- Ginger floats on and then recites...

Ginger : I wandered lonely as a cloud, that floats on high o'er wave and crest, when all at once I saw a crowd, a host of ships, heading due West, a flying whale then ate the fleet, and spat them out as pickled meat.

- reads it from a scroll and puts it in a bottle

Nobeard : Thanks for that, "beautiful" verse Ginger. Now ladies and gentlemen, please welcome, Scary Spice

- Scary walks on glaring at the audience. She wanders back and forth across the front looking for a "victim"
- Eventually she settles on someone and after staring at them for a moment...

Scary : Boooo!

Nobeard : Posh Spice

- Posh walks on, gives a peace sign?

Posh : Yaaah

Nobeard : Now then, Sporty, Ginger, Scary, Posh... where's our other shipmate,which one be she?

- Possible banter with the audience?
- What? "Baby Spice" - A pirate ship's no place for a baby!

Nobeard : This... is Old Spice

- Norah hobbles on as an old lady pirate (groaning)

Norah : Why do I always have to be an old person?

Sporty : Somebody has to play the little old lady.

Ginger : And you're very good at it Norah.

Posh : Yaaah, rillly good.

Scary : Arrrrrrrgh!

Nobeard : Maybe next year you won't have to play an "old person"?

Norah : Hmphhh... How disappointing!

Nobeard : Right girls, where's our booty?

- A sack is dragged on stage containing treasure they've nicked, they throw out bounty bars to the audience, shoes also emerge from the sack

Nobeard : This be a bad haul girls. I think someone got to Big Beard's treasure before us. We needs to find some gold.

Ginger : Where would we find real treasure captain?

Norah : Mermaids!

Scary : What?

Norah : Big Beard used to say that Mermaids had the best treasure.

Ginger : Oh Norah, you are funny.

Sporty : Mermaids indeed.

Posh : Mermaids don't exist.

Norah : They DO exist!

Nobeard : Well, where would we find a mermaid today?

Norah : There's a tavern we should visit

Ginger : A tavern, how romantic

Scary : I like taverns. Always a chance of a fight...

Sporty : Will there be diet rum?

Posh : Oh like a wine bar? Yahhhh.

Nobeard : Right girls, set sail to... The Tavern.

All bar Posh - Yarrrr!

Posh : Yah! (the rest glower at her)

- [ ] ==Ginger should send a message in this scene

5.5 Ken and Dorothy in Fleetwood

Ken : Dorothy, I'm going for a walk on the beach, are you coming.

Dorothy : No Ken, I am not. It's horrible out there, I've no idea why you wanted to come on holiday to Fleetwood... in March...

Ken : Rubbish. It's bracing is what it is. You can't beat it. Right, well I'm off to explore, I'll see you in a bit.

Dorothy : Well don't be too long, I want to go to that retail outlet.

- Ken shudders

Dorothy : They've got all the latest fashions from Markses... but cheaper.

- Ken wanders along the "beach"

Ken : Oh, the state of the English coastline, all this litter, it's a disgrace, McDonalds, KFC, Gails Pastries.... Oh, what's this washed up on the shore? A ukele? Lovely, I used to be able to play one of these.... And what's this, a bottle, with a message in it? Flippin Eck, I wonder what it says?

SONG - Message In A Bottle

6 - Oz's Ship Shop

Oz : Right then, let's have a look at this map of yours. Oh yes, it's pretty simple really, I've dealt with much more complicated maps than this in my time. Now then, yes, I see, yes, interesting, yes, the names seem to be in some kind of code, or perhaps a foreign language, no, no I think it must be a code, now then how to decipher it...

Frodo : I think you've got it upside down?

Oz : What? Upsi... No! No that's how, I mean, I was just assessing the, I mean, that's how you're supposed to begin looking at a map, upside down... that's what you're meant to do.

Prawns : Oh, right, we don't really understand maps you see.

Oz : Well obviously. Right so now I'm ready to look at it the other way round. Ah, yes, I see, so we're here, Nudii Island is to the West and then just across Dire Strait is, wait, what does this cross mean?

Frodo : Oh, I, errr, I'm not sure I can remember. Graham did mention it, but I... Prawns?

Prawns : Oh, sorry, no, I'd stopped listening to him.

Frodo : I was too excited about pirates and adventure. But I'm pretty sure he said it was very important

Oz : Well of COURSE it's important. Red crosses on maps are always important. Well that's decided then. YOU need to go THERE. Now, let me do some calculations... that will be at least 3 days sailing. You'll need supplies for your whole crew for, let's say a week to be safe. And rum, you'll be needing rum. Now which ship did you say was yours?

- He's looking out across the harbour with a telescope?

Frodo : Oh, we don't have a ship.

Prawns : Yet...

Frodo : Yes, yet. We, erm, we hadn't really got that far...

Oz : Well, you're not really GOING to get that far are you, without a ship.

- Tim enters

Tim : Morning Oz you bally old roister-doister. Oh... I say... You've got customers. I thought I was the only one who ever came in here, ha!

Frodo : Oh no, it's Posh Tim.

Prawns : Oh 'eck, he's more annoying than Geeky Oz.

Oz : Yes, good morning Tim. I was just helping these two gentlemen with a technical enquiry if you don't mind waiting your turn.

Tim : Ah, it's erm Cockles and Crabs isn't it. Good to see you chaps. Well, there's no rush, I've just nipped in for tin of boat polish. Daddy wants the yacht looking spick and span for the weekend.

Frodo : Do you own a boat Tim?

Tim : Well, it's more of a luxury leisure craft really, and it's not strictly mine, but Daddy lets me and my chums use it whenever we like.

Prawns : Have you got any "chums" Tim?

Tim : What? Ha! Well, I mean no, not really, but you know, it's marvellous for entertaining the ladies, if you catch my drift.

Frodo : The ladies Tim?

Tim : Well, you know, I haven't actually... that is to say... but, you know, maybe one day, what?

- Oz hands a large tin to Tim

Oz : Shall I add it to your father's account Tim?

Tim : Would you Oz, that would be marvellous. Right-o, I'd better be off. That yacht isn't going to polish itself, ha! Nice to

see you chaps again, you must all join me for cocktails on the deck sometime...

Prawns : Not likely

Frodo : Prawns! Shhhh... Tim's got a boat.

Prawns : I know, he won't stop boasting about it...

Frodo : And we need a boat

Prawns : Do we? Oh, yes, the map, the cross, sorry, I'd forgotten!

Frodo : We'd love to join you Tim. How would "now" sound?

Tim : Really? I mean, well, I hadn't any plans. Why the bally heck not?

Frodo : Oz, perhaps you'd come too?

Oz : I'm not joining you for drinks, I'm tee-total, I don't like fun, and I've a shop to run.

Frodo : It doesn't look like your shop is particularly busy, and besides, we could really do with a "map expert".

Oz : Expert? Expert, eh? Well if you put it like that, perhaps I could spare some time to share my expertise...

Frodo : Great! Lead on Tim, let's see this massive yacht of yours...

7 - The Pirates visit The Mermaid's Chest

FOC with Pirates coming up the aisle

- [ ] Graham hates and fears pirates...

Nobeard : Right then girls, here we are at the tavern. Let's go gentle like, see what intelligence we can gather on where these mermaids be.

Graham : Good evening ladies. What can I get you?

Sporty : I'll have a tot of rum but make it diet

Ginger : Oh, I'd like an elderflower spritzer please.

Norah : Give me some grog

Posh : Excuse me, do you have any bollinger?

Scary : I's a thirst on me like sandpaper in a desert - gets me a pint of bloody mary

Posh : Scary - where's your grammar!

Scary : She be at home with me grandad!

Graham : One at a time ladies, I'm a bit short staffed at the moment

Scary : (barges in and grabs Graham by the throat) Right that's enough chit-chat, where are the mermaids - tell me now you scurvy faced dog or I'll slit yer throat

Nobeard : Scary, I said go gentle

Scary : I was going gentle, I barely touched him

Nobeard : So what do you know about mermaids then?

Graham : Well, you know, I, I mean, I'm no expert.

- Scary rushes up to him and grabs him by the neck
- She's like an east-end gangster

Scary : NO "EXPERT"? Sign outside says "The Mermaid's Chest". There's mermaid "souvenirs" "splashed" over all the walls. So explain, to me, how... you... are not... a mermaid expert?

Graham : Well, I errrm, I dabble.

Nobeard : Right girls. Seems to me. Graham here knows about mermaids. So, I reckons we need to bring Graham on board.

Posh : Yaaaah, cool!

Ginger : Oh, how romantic. Welcoming a man, onboard.

Sporty : I'm stronger than a man. Look....

Scary : He's toast.

Norah : Stop! It is bad luck for a man to be on a ship. This will not end well.

Nobeard : Well, as a modern leader, I've considered all your opinions, and I'm inclined to... Kidnap Graham!!!! Is everybody with me - say yarr!

All except Posh: Yarr

Posh : Yaah!

- They grab Graham and do all sorts of humiliating stuff to him
- They drag him off
- The Navy arrive

Captain Biggleswade : So this is The Mermaid's Chest is it Crump?

Lieutenant Crump : That's correct sir. We had word from one of our spies. They said it was full of pirates.

Captain Biggleswade : Well it doesn't look very full to me. [To the audience] Have you seen any pirates here?

Lieutenant Crump : Sir, over here. Evidence of pirate activity.

Captain Biggleswade : What is it Crump?

Lieutenant Crump : A parrot sir. Almost certainly belongs to a pirate. Shall I interrogate it sir?

Captain Biggleswade : Interrogate it? It looks dead to me.

Lieutenant Crump : I think it might be resting sir. Looks like a Norwegian Blue... Beautiful plumage.

Captain Biggleswade : The plumage don't enter into it. It's gone to meet its maker.

Lieutenant Crump : Perhaps it's just pining for the fjords?

Captain Biggleswade : Pining for the fjords? It's bereft of life. It's joined the choir eternal. This, Crump, is an ex-parrot!

- A boy walks in and starts sweeping up

Captain Biggleswade : You... who are you?

Boy : Boy

Captain Biggleswade : Boy, eh? And you work here do you?

Boy : Well I'm not doing this for the good of my health.

Lieutenant Crump : Don't be so insolent - this is Captain Biggleswade of His Majesty's Navy. Show some respect.

Captain Biggleswade : Thank you Crump. Now then "Boy", have you seen any pirates here recently?

Boy : Yeah, they just left. You missed them, ran out the back. Never paid for their grog. Took Graham too.

Captain Biggleswade : Graham?

Lieutenant Crump : The proprietor of this tavern sir. That's him on the wall.

Captain Biggleswade : Mmmm, strange looking fellow. Very fishy looking.

Lieutenant Crump : No, the picture next to the fish sir.

Captain Biggleswade : Ah, I see, yes. Graham eh? And which way did they go Boy?

Boy : They said they were going to Thomas Cook Island.

- The boy points off in to the distance and they all step forward and stare off in to the distance
- Curtains close behind them

Captain Biggleswade : Did they by George? Very well, Crump... Recruit this young lad into the Navy.

Boy : I don't want to be in the Navy. I get seasick in the bath.

Captain Biggleswade : Nonsense. Everyone dreams of joining the Navy. The adventure, the camaraderie, the lovely uniforms. And besides, you're the only one who can identify these pirates, you know how to handle a broom... And you have remarkably clean ears.

- Crump grabs his shoulder

Boy : Oi, hands off. I'm not joining the Navy.

Lieutenant Crump : I'm afraid you have no choice Boy. The King himself has granted us the right to pressgang anyone we see fit.

- Curtains close with the three of them in front

Captain Biggleswade : That's right - we want you as a new recruit.

SONG: IN THE NAVY? (FOC) We want you, we want you
We want you as a new recruit We want you, we want you
We want you as a new recruit

In the navy, you can sail the seven seas In the navy, you can put your mind at ease In the navy, come on, be bold and make a stand
In the navy, can't you see we need a hand? In the navy, come protect the motherland In the navy, come on and join your fellow men In the navy, come on, be bold and make a stand
In the navy, In the navy

We want you, we want you
We want you as a new recruit We want you, we want you
We want you as a new recruit

8 - Sailing Tim's Dad's Yacht

- Frodo is steering Tim's Dad's yacht

Tim : I'm not really supposed to be out of the harbour chaps. Daddy doesn't really trust me to actually sail her you see. We really do need to get back before supper time. I don't mind admitting, I'm a little scared out here.

Frodo : Don't worry Tim, everything will be fine. I've grown up reading about pirate adventures. I know how to handle a ship. Oz, my salty old seadog, what's our heading?

Oz : Well our current bearing is 72.3 degrees South-South-West. We're proceeding at a speed of 12 knots. This is really quite a fast vessel, we should reach our destination sooner than I predicted. Your friend seems to be handling the mainsail with the strength of an entire crew.

Storm picks up

Tim : I say, it's getting a bit bumpy what!

Oz : Prawns you're being too heavy handed, the boats rocking from side to side

Prawns : It's not me!

Tim : Please be careful, I don't want to damage daddy's yacht

Frodo : Arrrrrrr, the weather's turned against us. We needs to find safe berth til this tempest blows over.

Prawns : Why are you talking like that?

Frodo : I don't know, something just came over me. I feel like this is my calling. Avast me hearties, land ahoy. Prawns me old shipmate, hoist the mizzen.

Prawns : Aye aye cap'n Frodo.

Tim : Bally heck Oz, what the blazes is going on?

Oz : I've no idea Tim. They're weird, those two.

Frodo : Arrrr, shiver me timbers.

- Lights out
- Curtains Close

9 - Seasick

Captain Biggleswade : Sail on - those blasted pirates are just over the horizon. We'll catch them for certain and then I'll be made a Commodore. Can you smell the crisp salt air Crump?

Lieutenant Crump : (sniffs) I can mostly smell old cabbage Captain. (Gets out telescope) Pirates! I see them as well as smell them Captain! A fearsome bunch of ugly brutes!

Captain Biggleswade : Let me see Crump (grabs telescope and looks down it) Lieutenant, you're looking at the audience, but you're right about the ugly part! Talking of ugly, where's our latest recruit

Boy : (Heaving sounds and clutching stomach) Captain, the waves, urrgh, we keep going up and down I told you I get seasick in the bath

Captain Biggleswade : Don't be ridiculous Boy - you're not in a bath. You are on a ship.

Lieutenant Crump : (sniggering) I think he's about to launch his lunch!

Captain Biggleswade : Nonsense, a true British sailor has the constitution of an ox and a stomach made of iron! Look at me. I'm a fine figure of a man!

(Creaking noise and they all sway to the left and then to the right)

Boy : (More heaving sounds) Oh no, it's coming, the mushy peas and cabbage from breakfast.

Captain Biggleswade : Stand tall Boy. You'll be fine. Make your way to the Poop Deck to keep watch.

Boy : Oh I don't need the Poop Deck sir, I went this morning.

Lieutenant Crump : (clips him round the ear) No Boy, the Poop Deck is at the back of the ship. It's a nautical term for the highest deck.

Boy : (More heaving sounds) Urggh, it's the mushy peas and cabbage from breakfast

Captain Biggleswade : Keep your eyes on the horizon Boy. Think of solid ground and dry crackers.

Lieutenant Crump : Think of cold greasy mutton floating in a puddle of lukewarm gravy.

Boy : (More heaving sounds) Why would you say that?! (even more heaving sounds)

Captain Biggleswade : Quick Lieutenant, the bucket of destiny!

(Crump grabs a bucket and gives it to Boy just in time for vomit sound effect)

Lieutenant Crump : (takes bucket and peers into it) Oooh look, he had carrots. How did that happen? We haven't even got carrots on board!

Captain Biggleswade : Keep your chin up Boy, we are closing in on the pirate ship

(Another creaking noise and they all sway to the left and then to the right)

Boy : (Grabs bucket back from Crump for more heaving)

Lieutenant Crump : (panicking) Captain! The bucket is full to the brim, if the ship rocks again we're doomed!

Captain Biggleswade : Hold it steady Crump, a Captain never loses his...

(A prolonged creaking noise and they all sway to the left and then to the right, some sort of falling over each other choreography and eventually the bucket of pretend vomit gets launched at the audience or it's more deliberate and they go to throw it one side - no not that side, that's the windward side)

10 - Elvis Island

Frodo : Right everyone, let's be careful, there could be dangerous animals here. We just need to find somewhere safe for the night until the storm passes. Prawns, I'll lead and you go at the back in case we get attacked from behind. I've tied some string to the ship so keep hold of it and then we can find our way back.

Some sort of visual where they creep along, bang into each other, are scared etc but nothing bad happens other than Prawn's drops the string in the excitement and then they meet Elvis

Elvis : Uh huh. Well look at this, some visitors. Wait til I tell Priscilla. She'll want to fix her hair and make something fancy for dinner.

Frodo : Who are you?

Elvis : Well I'm not sure I should say

Frodo : We won't tell anyone

Prawns : I might

Frodo : Quiet Prawns

Elvis : Well I guess it won't do any harm if you promise not to tell. I'm Elvis Presley. A long time ago I was in the CIA but my cover was blown so I had to go into hiding. I became a gardener in Engerland but then I met my old pal James Pond and we joined forces to save the world from a evil bad-guy and his sheep army.

Oz : That all seems highly implausible but I suppose this is a pantomime so I'll give you the benefit of the doubt

Tim : How did you end up here old boy?

Elvis : Well, after saving the world, I started singing on cruise ships, like that Jane MacDonald.

Prawns : Ooh, I like her, she's got very big.....lungs.

Frodo : Shhhh, let him carry on.

Elvis : Well one night, during a particularly bad storm, we collided with a ship carrying paint.

Tim : Paint?

Elvis : Uh, huh. Thousands of tins of red paint, and thousands of tins of blue paint. That's how I became marooned!

Frodo : Well it sounds like you've had quite an adventure. We're on a quest - maybe you could join us?

Elvis : Oh no, I could never leave here. This here's home now... for me and Priscilla and little Lisa Marie. Say, where are my

manners? Are you folks hungry? Priscilla, Priscilla, there's some folks here need some grits...

- He goes offstage

Prawns : I must admit, I am hungry

- Elvis comes back with a tray of covered food

Elvis : Priscilla's made my favourite dish - pineapple surprise!

- He uncovers a tray of bananas

Oz : But those look like bananas

Elvis : She SAID you'd be surprised! Priscilla, come and say hello to our guests.

- He leaves again, and returns with two coconuts on sticks with faces, hair, bow on top etc

Elvis : This here's Priscilla, and this is my little Lisa Marie. Well come on girls, say hello to these nice folks... I'm sorry... they're both a little "shy".

- Milk that "joke" if no-one gets it (or even if they do!)
- The fellowship look confused

Prawns : Why have you got coconuts on sticks?

Frodo : (elbowing him) Delightful to meet you Priscilla

Tim : Charmed I'm sure

Oz : Erm, hello

- The coconut talks to Elvis

Elvis : Oh Priscilla I couldn't, I'm outta practice. Well if you're sure. (turning to the fellowship) Priscilla says I should sing for you. I'll just go and get ready.

Oz : (to the fellowship) I think we should go back to the yacht. This man's got a screw loose

Frodo : I agree. Prawns, give me the string and we'll retrace our steps back to the yacht and hope Elvis doesn't follow us.

Prawns : Oh err, sorry, I think I may have dropped it

Frodo : (sighs) Well then we'll just have to stay here until light and hope the storm passes. Just go along with it everyone

Elvis : Sings his song

11 - Fellowship Rescue Jean

Frodo : Well that was all a bit odd but at least the storm has passed and we're back at sea. Oz can you get us back on course?

Oz : Back on course? Back on course Frodo?! It's not that simple. According to Navy regulation paragraph 4, subsection b, we cannot resume sailing until I've completed a Post-Tempest Hazard Assessment Form.

Frodo : A what?!

Oz : And you should all be wearing mandatory high visibility life jackets

- There is the sound of a female voice singing over the noise of the waves

Tim : I say, can you hear that chaps?

Oz : It's beautiful

Prawns : Lovely

Frodo : Enchanting

Tim : Perhaps I can finally invite a lady on board

Prawns : I can see something, off to the right

Oz : It's starboard. You can see something off starboard.

Prawns : Oh, right, sorry. I can see something off "Star Wars".

Frodo : It's a woman, tied to a buoy.

Tim : I say!

Frodo : Not that sort of a boy, a buoy.

Prawns : She's got a lovely singing voice, I think we should go closer.

Oz : So do I

Frodo : Me too, for some strange reason.

Tim : Ahoy there madam. My name's Tim. Would you care to join me for cocktails?

- The lights illuminate Jean, a wild witch-like siren. She stops singing.

Jean : Ah, four handsome sailors entranced by my song.

Frodo : Are you alright? You appear to be chained up.

Jean : That I am, that I am. You're probably asking yourselves, who would do this to such a beautiful woman?

Prawns : I wouldn't have gone that far.

Frodo : Prawns! Shhh. Madam, we are on a quest, Oz show her the map. We are looking for Stella... Are you Stella?

Jean : Stella?!! Stella you say? Now there's a name I haven't heard in a long time.

Tim : Is that you? Are you called Stella?

Jean : No, I do not go by THAT name.

Oz : Right, well, this must be the wrong place, come on, let's keep going.

- Jean sings a bit more
- Tim has been pouring a cocktail

Tim : That's not very chivalrous old man. We can't leave a damsel in distress.

Frodo : Do you know Stella?

Jean : Oh, I know Stella. She and I go back a long way. A long, long way. Oh yes, Stella and I know each other very well indeed... ha ha ha!

Prawns : I think she might know Stella

Oz : [Sarcastically] What gives you that impression?

- Jean sings a bit more

Jean : If you rescue me, I can help you find Stella. I can take you to her. I know where Stella is.

Prawns : I think she might know where Stella is.

Oz : [Losing patience] I know! She said!!!

Frodo : Madam, we shall help you. Prawns, can you break that chain?

- Jean sings a bit more
- Prawns reaches down and snaps the chain

Prawns : Not a problem!

- They help Jean onto the yacht
- Tim offers her a cocktail

Tim : It's my pleasure to welcome such a, errr, charming lady onboard. This is The Smooth Operator, and I'm her captain, Tim.

Prawns : I'm William, but everyone calls me Prawns

Oz : I'm Oz, the map expert.

Frodo : And I'm Frodo. I'm sorry, I'm not sure we caught your name.

Jean : I go by many names. Siren of the Seas, The Temptress of The Deep, Destroyer of Ships... but you can call me Jean.

- They all look at each other, slightly alarmed and confused, then mutter awkwardly, "nice to meet you Jean" etc

Jean : And what business do you have with my old friend Stella.

Frodo : We've been sent on a quest to find the clanger for this bell. You see, HE rang it and awoke The Kraken and we need to re-unite the bell and the clanger so we can ring it again and then we can control The Kraken but we have to do it before the next full moon, or we're all doomed.

Jean : Oh, ha, ha, ha! What a delightful story. (to audience) These fools have no idea what they've just done. I will let them take me to Stella, I will use them to get the clanger, and I will use the bell to gain command of The Kraken once more. Then I shall have revenge upon Big Beard, Stella, Graham, and everyone else who allowed me to rot in the middle of the ocean. (Back to crew) Well, I will take you to Stella. You... "map expert", plot a course to Thomas Cook Island. You, pull the jib, hoist the mainsail and do whatever you're supposed to do with a spinnaker. And you... pour me another of these delicious pina coladas.

12 - Arrival at Thomas Cook Island

FOC

Vernon : Right, so Jess is it? Well welcome to the dream team. Who did you work for previously?

Jess : First Choice

Vernon : Mmmmm, well I'm not being funny but we're a bit more "Last Choice" here if you know what I mean. We've not had any guests for months, so you'll have to think on your feet if anyone does turn up. You do know we're "commission only" here?

Jess : They didn't say anything about that at the interview...

Vernon : Oh, that's HR for you, they've no idea what it's like on the front line. Well as I'm sure you know, we're very much people people here on Thomas Cook Island. Customer satisfaction is paramount. We want to make our guests feel at home, we want them to have an unforgettable holiday... and we want to squeeze every last penny out of them...

Jess : I'm sorry, what was the last bit?

Vernon : Upsell, upsell, upsell Jess. If there's a trip they haven't booked, if there's an activity they haven't paid for, if there's a chance they might donate to one of our local charities, it's your job to get their cash.

Jess : We work with local charities?

Vernon : Of course not Jess, it's just a thing we say... "Oh come and visit the porcupine sanctuary and help save the little darlings". Thomas Cook Island is facing financial ruin Jess, we have to do what we have to do.

Jess : Oh. I see. Well I didn't realise when.....

Vernon : Shhhhh Jess... I can hear voices.

- Curtains open

Prawns : I still don't understand why Jean isn't with us.

Oz : Because Prawns, she said she wanted to give Stella a lovely surprise.

Frodo : So she told us exactly where we'll find her

Tim : Then we'll bring her back to the ship and have a reunion party!

Oz : I don't agree with parties

Tim : I can make more cocktails, I'm really starting to enjoy entertaining glamorous ladies

- Everyone else looks at him quizzically

Vernon : Welcome holidaymakers, welcome to Thomas Cook Island. My name's Vernon, and I'm head of fun here. This is Jess and she... I'm sorry... JESS, can you start handing out the welcome drinks please... Jess has only just joined us, still learning the ropes... Thank you Jess, quick as you like... oooh, honestly. Where was I, oh yes, so if I can just take your names, tick you off... You are?

Prawns : Prawns!

Vernon : Sorry? Prawns? Are you sure... you're not on my list.

Prawns : Oh, maybe William? That's my real name...

Vernon : No there's no William here either. Did you book through a travel agency? Was it LastMinute, cos they're rubbish they are. Always leaving things until the la... well, you know...

Frodo : We haven't "booked" at all. We're on a quest to find Stella, in Mermaid Cove.

Vernon : Oh, I see, no booking... well, let me think... Oooh, well you might be in luck, you see we've had a late cancellation. We may just be able to squeeze you in.

Jess : I thought you said we hadn't had any guests in weeks?

Vernon : Shut up Jess... I'm sorry, she's new. We've had lots of guests, we're almost fully booked, but I can offer you a room

for four in our presidential suite.

Jess : Do we have a presidential suite Vernon? It's not on my...

Vernon : Be quiet Jess, of course we do. Now you're "all inclusive" which means you can have as much egg and chips as you like, and all your local drinks are free, that's your Carling, your John Smiths and your B&Q White Spirit. Now are any of you interested in watersports? No? No-one? What about beach volleyball?

Frodo : We just want to go to Mermaid Cove.

Vernon : Oh, Mermaid Cove? You want to go to Mermaid Cove do you? Mermaid Cove indeed!

Prawns : Yes, we need to get to Mermaid Cove.

Jess : There's a trip to Mermaid Cove tomorrow.

Vernon : Is there? I mean, yes, of course there is....Jess, Jess, fetch the book. Right, how you finding your Scarborough Sunrises? You can really taste the white spirit!

12.5 - Navy Guys Deploy The Seagull

Lieutenant Crump : Still no sign of the pirates sir

Captain Biggleswade : Hmmm. Time to deploy our secret weapon Crump

Lieutenant Crump : I thought we were keeping the ammunition til we had them in our sight sir

Captain Biggleswade : Ha! No, our trusty 3rd mate Crump. He'll be able to find them for us

Lieutenant Crump : Right you are sir.

Launches seagull which then flies over audience and drops occasional mint imperial poos

13 - Bad Luck on The Iron Lady

-> More Yarrrrrs -> More "Bad things"

Ginger : Has anyone seen my quill? I can't find it anywhere and I won't be able to correspond with my love without it. Oh this really is a tragedy. Yarrr!

Sporty : Interesting, I've lost me dumbells and I know none of you could have taken them - you're not strong enough, Yarrrrrrr!

Scary : Well I've had some bad luck too - me best cutlass has gone blunt and when I finds out who's dun it (slit throat signal) Yarrrrr!

Norah : It's an omen - I told you what would happen if you brought a man on board.

Nobeard : Never mind all that, the sea's looking choppy. Sporty, splice the mainbrace, Yarrrrrrr!

Ginger : I don't like the look of that sky. Tis dark and brooding, like the depths of my soul, since I haven't heard from my sweetheart in weeks. O Romeo, Romeo wherefore art thou Romeo? Art thou a man or just a jellyfish? Thy love doth drift like seaweed in the mist! Yarrrrrr!

Scary : Snap out of it ye weeping wench and secure the main hatch - there's a storm a brewin', Yarrrrr!

Graham : Don't you understand. This is what I've been telling you. The Kraken has been awoken. All of this is being caused by The Kraken...

- Posh walks on covered in seagull poo

Posh : Those horrible birds. They attacked me. Like in that film, with all the birds, and they attacked that woman. The film, with the birds, what was it called? With all the birds?

- Everyone else looks at her and shrugs

Posh : Anyway, they've ruined my new jacket, yahhhh?

Sporty : That IS bad luck.

Norah : Like I said, I warned you - iI told you tis bad luck for a man to be aboard the Iron Lady. Last time she had a man on her, she sank.

Nobeard : What, are you sure?

Norah : Yarr! It were a long time ago back in Big Beards time.

Nobeard : Well shiver me timbers, that's decided then. We can't have a man onboard. Yarrrrrr!

Scary : Yarrrr. So we makes 'im walk the plank eh?

Ginger : We can't do that.

Scary : Why not?

Ginger : We don't HAVE a plank.

Graham : What sort of pirates don't have a plank?

Sporty : I'll get a plank (rips one from the deck). Here Posh - take this

Posh : Oh my nails, oh its so heavy, urgh I think it's got woodworm in it

Posh accidentally bangs the others on the head with it

Scary : Watch what you're doing Posh or I'll tear your gizzards out. How'd you even become a pirate in the first place - you're don't know your Hull from your Keel

Posh : Oh I've been to Hull but they didn't have any designer shops so I came home again

Norah : This aint fixing the fact that we've got a man on board and he's going to bring down the Iron Lady

- They all turn and stare angrily at Graham

Scary : I says we hoists him from the crows nest... by his neck.

Sporty : But how do we find the treasure? We need him to show us the treasure yarrrrr!

Nobeard : Girls, girls, calm down. We're not going to hang him and we're not going to make him walk the plank. We're going to make him wear these...

- She holds up a large dress and wig

Nobeard : It's not bad luck to have a "pretty lady" on board, is it Norah?

Norah : Mmmm, suppose not.

Nobeard : Right then. Off you go, below deck, quick as you can... before I let HER hoist you by the midships.

- Graham shuffles off with the dress and wig

Sporty : Captain. There's something in the water.

Nobeard : Looks like a bottle.

Sporty : I'll grab a net.

Posh : Who's Annette, and why haven't we been introduced?

- Sporty rushes back in with a fishing net
- She looks exasperated and points at her net

Sporty : A NET...

Posh : Oh, yaaaah, I see now, yah!

- They fish the bottle from the sea

Sporty : It's another one of those messages.

Nobeard : It'll be for Ginger

Posh : From her "boyfriend"!

Scary : Yarrrr, maybe I could hang HIM from the crows-nest?

Ginger : Don't you dare! I'd simply die, If his sweet letters passed me by. Give it here! My poem was sent, I’m sure this is the reply he meant!

- She pulls the cork from the bottle and unfurls the paper from inside

Nobeard : What's it say Ginger?

Ginger : My dearest Ginger. "Dearest", he called me "dearest".

Sporty : He probably means "weirdest".

Ginger : How dare you. My dearest Ginger. Your poem was the most beautiful thing I have ever read, it lit up my day and warmed me up at night. It is surely the best poem ever written.

Nobeard : He's not much of a poetry expert, is he?

Ginger : But I have exciting news. Me and Prawns have been sent on a quest to find the silent bell's clanger. We've met some new friends and we're now at sea, on a boat, with a map. We've met a nice lady called Jean who has agreed to help us. We're on

our way to Mermaid Cove. I will write again when our quest is complete. Yours, sinserly. Frodo.

- Graham walks in wearing a dress, wig and make up

Graham : What was that you were just reading? I'm sure I heard you say the name Frodo?

Nobeard : Oh, don't you look pretty? See Norah, no more men on board, so no more bad luck.

Ginger : That wig brings out the colour in your eyes tis true, like barnacles in a rock pool deep and blue.

Posh : Yahhh, I think that could be next season's "new look".

Graham : Never mind that, what were you reading?

- He snatches the letter from Ginger

Scary : You give that back to my friend... Or I'll slit yer throat.

- Graham ignores her

Graham : Blah, blah, Quest, blah, blah, New Friends, blah, blah... Jean! Oh no. Oh NO NO NO!

Ginger : What is it?

Graham : This is terrible news. They've found Jean. She's enraptured them. She'll make them do exactly what she wants. You see... you see? This proves what I've been telling you. The

bad things that are happening. They're not because you have a man on board. It's The Kraken... and if Jean has been rescued, she'll try to control The Kraken. And the bad things will get much, much worse. You have to take me to Thomas Cook Island. You have to help me, or we'll all be doomed.

- He thrusts the letter back into Ginger's grasp
- She begins to re-read, and looks fearful and desperate

Sporty : You don't tell us what to do. We've already got a captain.

Posh : Yahhhh, that's right.

Scary : I should have your guts for garters

Posh : Oh Scary, garters are so last season.

Nobeard : Enough! I'm the Captain of The Iron Lady, and I'm "not for turning".

Norah : I think, we should.

Nobeard : What? You think we should help him? Why? You don't believe this Kraken nonsense do you.

Norah : Well... There were stories, when I was a little girl... about... The Kraken!

Ginger : I agree, we must act, there is danger ahead! Without my dear Frodo, I'd rather be dead! If I lose my 'dearest', my

heart breaks in two— Oh, please tell me quickly, what should we do?

Graham : Captain, I urge you. We're all in danger unless we stop Jean, and deal with The Kraken. Every ship will be smashed to pieces. All treasure will be lost.

Nobeard : Mmmm. Well I suppose The Iron Lady could be for turning... But if you're lying...

Scary : I'll cut off both your legs. And then make you walk the plank!

14 - Trip to Mermaid Cove

- FOC, Jess and Vernon are addressing the coach party

Jess : Ok, everyone, here we are nearly at Mermaid Cove. It's just a short walk down to the beach.

Vernon : You should all have vouchers for the complimentary drinks you paid for - it's either B&Q White Spirit or a fruit juice of your choice... as long as it's orange.

Jess : The mermaids will be performing for about 30 minutes and then we'll all meet back here for the trip back to "Last Resort".

Vernon : So off you go... Enjoy Mermaid Cove.

- They leave down the aisle

Jess : Sir... Are you sure you don't want to leave your big net on the minibus? Sir? Sir!

- Curtains open

Prawns : Right lads, who fancies a swig of white spirit.

Oz : You shouldn't drink that without safety glasses. It says so on the label.

Tim : Why did we leave Jean alone on my boat?

Oz : It's not YOUR boat Tim.

Tim : Why did we leave Jean alone on Daddy's boat?

Frodo : Because she told us to. She said we had to come and find the mermaid.

Prawns : Whenever she sings, I feel like I'd do anything she asks.

Tim : She's very persuasive. It's almost like she has us under a spell...

- There's an announcement

"And now, Mermaid Cove is proud to present... The Little Mermaids"

- Little Mermaids dance to the musical introduction
- Then Stella appears and sings her song My name is Stella , I am a mermaid I wear sea shells in my hair and exotic underwear (and my jaw is rather square) (I do merengue and do the chacha) I put on makeup and do the shows here And while I try to be a star, my love Graham is a-far (Across the crowded floor, we worked from eight til four) Across the oceans deep, his absence makes me weep We were young and we had each other (Who could ask for more?) He made my heart leap

At the Copa, Copacabana The hottest spot north of Havana At the Copa Copacabana Music and passion were always the fashion At the Copa, we fell in love

His name was Big Beard, he was a pirate And he kept us far apart which was sure to break my heart His name was Big Beard, he was a pirate And he sent me far away, now I'm stuck in mermaid bay Across the sea so blue, my heart was always true We were young and we had each other Who could ask for more?

some sentiment of moving on and performing shows

Stella : My name's Stella, the queen of the mermaids and it's my pleasure to perform for you this evening. Now then, let's have a look at you. Oh, we've got a lovely audience in tonight.

Look at you all, packed in like sardines! Though looking at some of your faces in the front row, I think a few of you have been at the bottom of the ocean a bit too long. You look washed up! And who else have we got here, ah look, bless him. Spent 2 hours doing his hair, and came out without it. And talking of bold, that's a rather bold ensemble we're wearing there isn't it sir. I think you're right about that top you know, it'll come back in. And what's your name? Any idea? Now xxx, you know I didn't come to you at random don't you? I think the audience have noticed, (to the cast)we've certainly noticed up here. Ever since I shimmied out onto this stage xxx, you've been undressing me with your eyes and who can blame you, you are but a man. I know all about men. Between you and me, xxx, I've got a stalker, now you probably can't tell in this outfit

but if you play your cards right, you can help me look for the root of the problem. Anyway, I can't be standing here talking to you all night, I need to get ready for my next performance. (Starts brushing hair)

Prawns : [To Oz] It's Stella, the one we're looking for. This is Stella!!!

Oz : I know. She said.

Frodo : I thought Graham said she was the most beautiful woman in the world? He said she had hair like strands of gold.

Tim : Does your friend Graham have a problem with his eyesight?

Frodo : He said her eyes were like pools of clear blue water.

Oz : I think he should have gone to Specsavers.

Prawns : He was right about her chest though. Lovely craftsmanship.

- They all look at him, confused.

Frodo : Well, if this is Stella, we have to capture her. That's what Jean wanted.

Prawns : I'm not going anywhere near her. Her breath smells of seaweed.

Frodo : Oz, Tim, you distract her... we'll get the net.

- Oz and Tim shuffle awkwardly into Stella's proximity

Stella : Oh, and look at these attractive young men. I'm Stella... what's your name handsome?

Tim : Ah, gosh, erm... Tim.

Stella : Tim... What an exotic name. I bet you've got all the girls lusting after you Tim?

Tim : Oh, I, errr, I mean, not really, but you know....

Stella : And who's your friend Tim?

Oz : Actually, Tim and I are NOT friends. We are simply co-conspirators in somebody else's quest, the aim of which is... One... to retrieve the missing clanger from a bell which has supernatural powers, and Two... to kidnap a mermaid named Stella.

Stella : A mermaid, named Stella? But I'm a mermaid. And my name's...

Frodo : Now Prawns, the net...

- Prawns throws the net over Stella and she begins flapping wildly

Stella : Oi, what are you doing you scumbags. Let me go. What's going on. Why am I in this net. You can't do this. I'm Queen Of The Mermaids!!!

- Lights and Curtains

15 - Navy Guys Interview Vernon and Jess

- They've reported 4 missing guests
- Navy are keen to establish if they are the pirates

Lieutenant Crump : And you say these four guests never returned to the minibus?

Jess : That's correct. We've done a headcount 3 times, they're definitely missing.

Lieutenant Crump : We don't usually get involved in missing persons cases. We're The Royal Navy you see. But on this occasion....

Captain Biggleswade : What did they look like. Were they a bit piratey?

Vernon : A bit "piratey"?

Captain Biggleswade : Eyepatches, parrots, wooden legs, golden earrings, skulls, crossbones... Did they say "me hearties" a lot?

Jess : "Me hearties"? I don't think so, no.

Captain Biggleswade : Are you sure now. We're in pursuit of pirates you see. Any information you can provide could help us to apprehend these scoundrels of the oceans.

Vernon : One of them had a net, a really big one.

Lieutenant Crump : [Making notes] A big one you say....So we're looking for a group of possible pirates accompanied by a big girl called Annette.

Jess : And one of the mermaids has gone missing.

Captain Biggleswade : Was she called Annette?

Jess : No... Stella.

Boy : That was the mermaid Graham was always droning on about.

Lieutenant Crump : Quiet Boy. We don't pay you to show off to civilians.

Boy : You don't pay me at all.

Lieutenant Crump : I'm warning you, one more word and you will be thrown out of the Navy.

Boy : Good. Can I go home then?

Captain Biggleswade : Ha! You cheeky rascal. Right then, no time to lose. We need to find Stella.

- The Navy disappear through the curtains
- Vernon shouts after them holding two cans of beer.

Vernon : I'm sorry, we've only got Carling or John Smiths!

- Jess and Vernon disappear through the curtains

16 - Jean and Stella

Jean : Oh Stella, what a delight to see you again. I hope you don't mind if I keep you in the net, but I don't want you wriggling your way out of this.

Stella : Jean?! It can’t be! You’re supposed to be chained to a rock!

Jean : I was! For twenty miserable, barnacle-covered years! But surprise, surprise, I am free, Stella. Free to finish what I started! The Kraken is waking and I will have my revenge.

Stella : No... if the Kraken rises, it will destroy everything

Jean : That is the whole point! You and Graham thought you were so clever. I will kill you all but I don't want to do it now or the pantomime will be too short. (winks at audience) And we all want to get our money's worth, don't we? Besides, I have a reputation to uphold. I prefer my vengeance served cold and thoroughly wicked! Now, what's this you're wearing round your neck.

- She pulls at the cord round Stella's neck
- The clanger falls to the deck

Jean : Oh Stella... it looks like you've dropped a clanger.

Stella : You can't do anything without the bell. You'll never get away with this Jean.

Jean : I will get away with it Stella. I already have the bell. (Stella gasps) Now I have the clanger. I have a ship and we're heading to Nudii bay. Once I'm there I will re-unite the bell and the clanger and I shall take control of The Kraken. Then I shall take control of... everything!

17 - The Navy Spot The Pirates

FOC

Captain Biggleswade : So to recap we're looking for Stella, Annette and some Pirates.

Lieutenant Crump : (scanning with his telescope) Sir, I can see a flag on the horizon. It appears to be made from ladies undergarments

Captain Biggleswade : By Jupiter! Avert your eyes boy. You're too young to see this sort of thing. Crump, plot a course due west we're going to catch those blasted pirates. When I get hold of them, they won't have a leg to stand on!

18 - The Fellowship Regret Their Actions

Prawns : My head hurts, I can't remember what happened last night.

Tim : I had the strangest dream

Frodo : Wait! We were supposed to be looking for Stella

Oz : I think we found her

Prawns : Did we?

Tim : Where is she?

Frodo : We took her back to the boat

Oz : We left her with Jean

- Graham storms in to the bar

Graham : What... is the meaning of this?

Frodo : Graham! What are you doing here?

Graham : Never mind that. Why are you all lounging around like drunken sailors? You're supposed to be on a quest. Where is the bell?

Frodo : On the boat

Graham : And where is The Clanger?

Frodo : With Stella

Graham : And where is Stella

Prawns : On the boat

Graham : And where is the boat?

Tim : In the harbour, over th... oh, it's gone

Oz : Jean must have taken her

Graham : Jean?? JEAN!!! You've given the boat to Jean

- They all nod

Graham : And you've given the bell to Jean

- They nod again

Graham : And you've given the clanger to Jean?

- They nod again

Graham : And Stella? You've taken Stella to Jean?

- They nod again

Graham : You sailed to the exact place I told you to avoid at all costs. You set Jean free. Then you took Jean on board your ship. Then you handed everything over to Jean, including the woman I love. Now, Jean has all she needs. Soon she will control the Kraken. (Pirates walk into the bar) And then, she will cause chaos on the seas.

Nobeard : Cause chaos on the seas? That's our job. Me and my girls cause chaos on the seas. I'm not having this Jean taking over... who does she think she is?

Frodo : Well shiver my timbers... Pirates!!!!

Scary : Yarrrr, show me where she is and I'll slit her throat. Or maybe I'll slit yours (grabs Frodo and her cutlass reveals Frodo's necklace) Who be you?

Frodo : Well, yarrrrrrrrrrrrr! I'm Frodo. Maybe I'LL slit YOUR throat!

Ginger : Hold on a minute... Frodo - is it really you, my love from across the waves?

Frodo : Ginger, no it can't be.

Ginger : Frodo! I can't believe it! You look so much less flat than you do in your letters!

Frodo : We've been writing to each other for three years! You told me you were in shipping and logistics!

Ginger : I am! We ship stolen goods and logistically outrun the Navy!

- Norah points to Frodo's necklace and whispers urgently into Nobeard's ear

Nobeard : Arrrrrr ya sure?

- Norah continues whispering frantically and gestures towards Frodo

Nobeard : Well, splice me mainbrace, that's thrown a wrench in the windlass...

- She looks around, slightly alarmed, then composes herself

Nobeard : Sporty... fetch Bigbeard's Big Beard...

Graham : What on earth are you talking about? What's going on?

- Sporty rushes off, then returns with a huge beard

Ginger : This might seem weird, but these whiskers were sheared, from the Pirate King Bigbeard, before he disappeared.

- Ginger offers the beard up to Frodo's face
- All the pirates gasp (except Posh, who's filming it for TikTok)

Posh : Oh my gosh, guys. Total pirate vibes. This is so going viral on TikTok. Hastag Royal-Beard!

Norah : I knew it!

Frodo : Knew what? What's happening? Yarrrr, pieces of eight.

Ginger : Frodo, don't you see. It all makes sense. It's why we had such a strong connection.

Nobeard : The legend is true! The magical whiskers only fit the face of the true prince!

Graham : Blow me down... Frodo? You're Big Beard's son? I found you on the doorstep twenty years ago... I had no idea!

Prawns : Woah!, Frodo! You went from having no dad to having the hairiest dad in history! Can I brush it?

Frodo : I... I'm a prince? A pirate prince?! Well, if this beard says I'm the boss, then listen up! Jean has my father's bell, she has Graham's mermaid, and she's heading to Nudii Bay to wake a monster!

Nobeard : No amateur sea-witch steals our thunder! We're going to find this Jean, and we're going to show her who the real chaos queens are! To the ship, girls!

SONG: Who Do You Think You Are? Or maybe they sing a song together (if its who do you think you are then move the dialogue line. or do who do you think you are when the pirates are on their own

NAVY ARRIVE

Boy : (Whimpering and carrying a cannonball) Permission to collapse from exhaustion, Captain?

Captain Biggleswade : Stand to attention, Boy! Look here, Crump! We've cornered the villainous scoundrels! Halt in the name of His Majesty the King!

Lieutenant Crump : (Reading from a giant scroll) You are all under arrest for piracy, smuggling, unauthorised use of eyepatches, and general seafaring naughtiness!

Nobeard : You'll have to fight us for it, you powdered peacocks!

Frodo : Yarrr! Stand back, Navy men! You're looking at the Pirate Prince! I've got a magical beard and I'm not afraid to shake it at you!

Captain Biggleswade : I don't care if you have a magical moustache, sir! You are going to the gallows!

Lieutenant Crump : Quite right, Captain! Stand back, you lot. This is a very serious, highly classified Naval matter!

Prawns : Ooh! Ooh! Did you say a navel matter?! (He starts frantically searching his pockets) Have you come to inspect my collection?! I've got some rare green bits from an old woolly jumper in here somewhere! Is it a competition? Have I won?!

Frodo : Not *that* kind of navel, Prawns! They mean the King's ships, not your belly button fluff!

Prawns : Oh. Well, their loss.

(Posh pushes through them. She has her phone out, filming a selfie.)

Posh : Hey guys, so we are literally about to get arrested by the actual fashion police, it is tragic, type 'RIP' in the chat—

Captain Biggleswade : Penelope?!

Posh : Oh, my gosh. Seriously? Daddy?! What are you doing here? You are totally ruining my aesthetic.

Lieutenant Crump : Good heavens! It's Lady Penelope Biggleswade! The runner-up at the 1824 Debutante Ball!

Ginger : Wait, your name isn't Posh? It's Penelope?

Posh : It's my birth name, Ginger, okay? I'm trying to distance myself from it. It's not a cool name. Yah!

Captain Biggleswade : Penelope, your mother and I have been worried sick! You ran away with the family silver, and joined a commune of maritime hooligans!

Posh : I told you, Daddy! It's not a commune, it's an influencer collective! We do synchronised sea shanties! It's called building a brand!

Graham : Excuse me, Captain Biggleswade! Look, we'd love to stay for this incredibly awkward family therapy session, but

an evil sea witch named Jean has stolen my true love and she's about to summon the Kraken to destroy us all!

Captain Biggleswade : The Kraken? Nonsense! The Kraken is a myth invented by sailors who have had too much rum.

(Kraken roar.)

Lieutenant Crump : That didn't sound like rum, Captain!

Frodo : It’s Jean! She’s at Nudii Bay! Captain, if you arrest us now, we all die. Let us go, let's join forces and defeat her!

Captain Biggleswade : Crump... what do the Navy regulations say about collaborating with pirates if one of them is your first-born daughter?

Lieutenant Crump : Uh... technically, section 4 states that family comes first, sir. Especially if a giant monster is involved.

Captain Biggleswade : Very well! Arrests are officially postponed! But Penelope, you are grounded the minute this monster is defeated.

Posh : Ugh, fine. Can I at least film the battle?

Captain Biggleswade : Only if you make sure to film from the left to get my best angle. Now, to Nudii Bay! Boy, bring the artillery!

Boy : (Picking up the cannonball again) Why couldn't I have been press-ganged into a bakery...

19 - The Kraken is summoned in Nudii Bay

Jean : This is it, we're here, in Nudii Bay. The bell and the clanger are together again. All that I need to do now is ring the bell, and I shall control the awesome power of The Kraken.

Stella : Don't do it Jean, for heaven's sake, you know what happened last time you dabbled with the power of the Kraken.

Jean : Oh I remember Stella, I remember all to well. I caused chaos and misery. I destroyed your happiness... and I destroyed... Graham!

Stella : But you destroyed your own life too Jean. You were marooned in the middle of the sea, alone and miserable. Nobody won Jean, nobody won...

Jean : You're wrong Stella. I won, because you two lost. You were separated forever. The thought of you two being alone and miserable made my loneliness and misery worth every moment.

Stella : Oh Jean, what have you become. You were a good looking woman, not as good looking as me, but still... passable. And you were always good with numbers, you could have made it as an accountant, or perhaps worked in a bank. You

could have had it all Jean, but you threw it away by summoning The Kraken, unleashing armageddon.

Jean : Silence Stella. I've heard enough of your pathetic whimpering. I shall summon The Kraken, again...

- She rings the bell
- A terrible roar is heard

Stella : You could have been an accountant Jean... you could have been an accountant.... sob...

Jean : There... over to the left, I see it... The Kraken. I shall test its power...

Stella : It's PORT Jean, not "the left"... it's called PORT!!! sob.

Jean : Kraken... I command you... unleash your fire-breath on Nudii Island!!

- There is a loud roar and a burst of orange light
- Offstage we hear (or maybe onstage in flesh coloured body suits with Ken wearing his tie and flat cap)

Ken : "Flippin 'eck Dorothy... where did that fireball come from?"

Dorothy : "Ooooo, I think it was that big octopus thingy in the bay. I've never seen that before"

Ken : "Ooooooh... my sausage is on fire"

Dorothy : "Well I told you not to stand so close the barbecue Ken, it's hot"

Jean : Ha! That'll teach those weirdos. I've always hated Nudii Island. All those old people walking around with no clothes on.

Stella : Oh Jean, what a bitter woman you've become.

Dorothy : "Ooooo, Ken, that fireball's toasted my baps"

Ken : "Flippin' octopus, with it's flippin' fireballs. I told you we shouldn't have retired here. We had a perfectly nice bungalow in Langley"

Dorothy : "Langley was boring Ken..."

- Curtains

20 - Pirate Battle Plan

Nobeard : Right you bunch of pathetic powder monkeys. Who here thinks they're fit to fight for freedom. Which of you can fire a canonball from the Iron Lady's broadsides?

Ginger : There you go madam, careful not to shoot backwards

Scary : You look a likely lad. Think you can hit a ship from 50 yards?

- Curtains

Nobeard : Hold your nerve, steady now, nobody fire until I gives the order.

- Jean's turns her yacht slowly towards the audience

Nobeard : Now.. Fire.. Fire..

- The yacht takes a hit and begins to sink

Graham : Stella, be careful, Stella is on board that ship.

- The yacht disappears beneath the surface
- Stella emerges from the waves, clutching the bell

Stella : I've got it Graham, I've saved the bell

Graham : Oh Stella. You see boys, not only is she the most beautiful woman in the world... but she's brave too.

Narrator : And so Stella and Graham were re-united and the bell was rescued. Graham rang the bell and commanded the Kraken to return to the bottom of Nudii Bay. Jean was lost, presumably drowned. Frodo and Ginger married in a traditional pirate wedding

21 - Finale

Jean swims to shore where she is met by Nudii Islanders

Nudii residents are OAPs and deaf Welcome to Nudii Island... Let's get you out of those wet clothes.
